

36v50a energy storage lithium battery

Overview

On the spec front, it's 36V nominal, 50Ah rating giving you 1800Wh total, with a max continuous discharge of 50A and a 100A peak for ten seconds if a motor or inverter draws hard briefly, which matters for starting loads on a golf cart or a marine trolling motor. With minimal self-discharge and capacity loss, this LiFePO4 battery delivers over 4000+ cycles, traditional lead-acid batteries can be recycled for 200-500 times, and its service life of up to 10 years is 3 times that of lead-acid batteries.

□Unparalleled Energy Density□The LiTime 36V 50Ah Trolling. These batteries are equipped with a Bluetooth monitoring system, so you can track important data like voltage of each cell, temperature, charging current, discharging current, state of charge and many more on your mobile phone in real-time. Just download the android or iPhone app and you are ready. Crafted with premium Automotive-Grade cells, this battery boasts exceptional quality and reliability. Lightweight and compact structure for easy installation in various setups. Our wide variety of standard.
