CABINET DOORS (FINISHED or UNFINISHED): 2-4 weeks production time  
ACCESSORIES & MOLDINGS (FINISHED): 4-6 weeks production time (this depends on if the item is stocked or built to order)  
CABINETS (FINISHED or UNFINISHED): 4-6 weeks production time  
CABINET DOORS (FINISHED or UNFINISHED): 2-4 weeks production time  
ACCESSORIES & MOLDINGS (FINISHED): 4-6 weeks production time (this depends on if the item is stocked or built to order)  
Monitor housing (W720 x D300 x H710 mm) with lockable monitor compartment (inside W705 x D280 x H530 mm, integrated device fan) suitable for screens up to max. There is an open storage compartment under the monitor compartment (compartment height 140 mm). Beech decor worktop (22 mm thick). But one burning question that often arises is, “How long do custom cabinets take to make?”

” The answer can vary due to factors like design complexity, materials, finishes, and. **POTENTIAL DELAY:** SLIM Shaker is still in beta testing and may experience slight delays as we work through production refinements. As a new product, occasional minor delays are expected and may impact your order's ship date. Please place your order with this in mind and allow for some flexibility in. In 2025, the average wait time for cabinet installations has increased by 10-15% compared to 2023, with 70% of builders reporting delays in obtaining raw materials and critical components. And that's before you factor in peak season. Spring and summer are when demand surges — and lead times surge. Here, you can find an overview for how long we currently need to finish orders. (The last update was: 26 May 2026).
