

# Portugal Large Energy Storage Equipment Solution

## Overview

StorSystems is driving the Portuguese energy transition by developing, building, and operating advanced battery storage systems. Battery storage allows power produced now to be stored for use later. It will be essential for a decarbonised and reliable energy network in Portugal. Global energy storage platform provider Powin LLC and Galp, Portugal's leading integrated energy company, have partnered to install a utility-scale battery energy storage system (BESS) at one of Galp's solar power plants near Alcoutim, a small village in the country's sunny southern region of the. Portugal's energy storage import market in 2024 continued to be dominated by key exporters such as Spain, Germany, Metropolitan France, Austria, and Italy. By the end of the. Lightsource BP is a leading independent power producer (IPP) specializing in utility-scale solar PV and energy storage solutions across Europe, the Americas, and the Asia Pacific region. Designed to store and deliver over 3,000 TJ of renewable electricity in ten years, the BESS is projected to save 500,000 tons of.
